Addicts Victorious is a 501-C3, not-for-profit corporation working to better the individual, family, and the community through the teachings of Christ's love. Here, at Addicts Victorious, we have a number of Programs available for anyone who is facing any kind of problem, fear, and/or addiction.

We have several types of Support Group Programs available throughout the world. We offer our regular Addicts Victorious Support Group, Teens Victorious, Women Victorious, Seniors Victorious, and a Special Addictions Support Group. Our philosophy behind creating these separate meetings is that people seem to demonstrate an increased level of comfort when discussing their struggles with individuals who have faced (or are currently facing) similar problems. For example, Teens experience peer pressure; Seniors experience the loss of loved ones, stressors from retirement, etc. With a number of Groups available, each individual has a choice as to which Support Group Meeting will best fit them.

We offer a Biblical Counseling Program through our new Victory Biblical Counseling Center which is located in Quincy, Illinois (call 217-223-1388), in addition to our world-wide weekly support group meetings.

We take an in-depth look into a person's problems, fears, and/or addictions, or addictive behaviors during the Victory Biblical Counseling Program. Once the individual honestly and openly shares what they are struggling with, we then start working them through a process found in God's Word that shows them the way they can be totally set free from whatever problem, fear, or addiction has been controlling their life. This is a life-changing process!

Meetings:

St. Louis, MO Friday 7:00 p.m. The Hope Community Worship Center, 1912 Chippewa
St. Louis, MO
